

DESCRIPTION

This Lockable IP65 distribution box offers the ability to terminate 24 fibers (12 SC) housed in a strong robust ABS enclosure for indoor and outdoor applications.

Available with both SC Duplex and LC Quad adaptor types offering a flexible, multi functional enclosure which allows easy access during installation or re-work with no disturbance of the existing cable or fibers.

In addition to the interchangeable adaptors the enclosure also offers up to 24 exit points for patching cables and is available pre-loaded and "splice-ready" to loose tube, tight buffer, pre-terminated and steel tape armored cable.

Each enclosure has integrated strength member tie positions and bend radius protection with the addition of a removable front door allowing for quick and easy installation.
